

“Fix a Scratch AF”

Scratch Repair Kit Procedure

300gram scratches prepared from the scratch tester

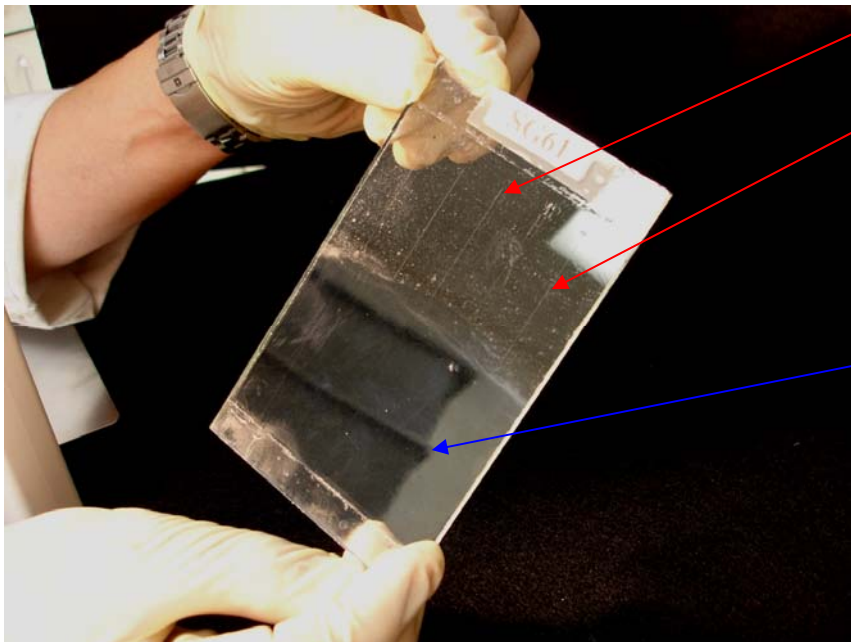

- 1) Shake the spray bottle for 10-15 seconds. Then spray repair solution (Fix a Scratch AF) onto the scratch surface.**

2) Gently rub the solution in circular motion into the surface with lint free cloth as supplied.

3) Use dry portion of the lint free cloth to remove the excess until it is dry.
