QUESTIONS AND ANSWERS
ABOUT HYDROMER'S ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the Annual Meeting, the shareholders will elect seven directors, ratify the Company's selection of independent public accountants, and act upon anything else that properly comes before the meeting. In addition, management will give a report on the Company's performance during the fiscal year ended June 30, 2016.

Why Did I Receive This Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Hydromer's Board of Directors is soliciting your proxy to be used at the Annual Meeting of Shareholders on November 30, 2016, at 10:00 a.m., at 35 Industrial Parkway, Branchburg, NJ 08876, or at any adjournment of the meeting. This proxy statement discloses the information you need to know to vote on an informed basis. We are first mailing this proxy statement and the enclosed proxy card to shareholders on or about October 14, 2016.

Who Can Vote?

You are entitled to vote if you owned Hydromer common stock on the record date, which is the close of business on September 16, 2016. Each share of Hydromer common stock that you own entitles you to one vote.

Who Can Attend the Meeting?

Only shareholders of record at the close of business on the record date, or their duly appointed proxies, may attend the meeting. Registration at the meeting begins at 9:30 a.m.

How Many Shares of Common Stock Are Outstanding?

On the record date, there were 4,772,318 shares of Hydromer common stock outstanding and entitled to vote. Hydromer common stock is our only class of voting stock.

What Constitutes a Quorum?

A quorum is a majority of the outstanding shares entitled to vote, equal to 2,386,160 shares, which are present or represented by proxy at the meeting. There must be a quorum for the transaction of business at the Annual Meeting. If you submit a properly executed proxy card, even if you abstain from voting, your shares will be considered part of the quorum. Broker non-votes (shares held by a broker or nominee that are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a particular type of proposal) are also included in determining the presence of a quorum.

What Am I Voting On?

You are voting on:

1. The election of seven individuals to serve on our Board of Directors: Manfred F. Dyck, Dieter Heinemann, Robert H. Bea, Mr. Arthur K. Degen, James S. Pacetti, Michael F. Ryan, Ph.D. and George A. Ziets; and
2. The ratification of the selection of Rosenberg Rich Baker Berman & Company as our independent public accountants for the fiscal year ending June 30, 2017.

How Does the Board of Directors Recommend I Vote on the Proposals?

The Board of Directors recommends a vote **FOR** each of the Board's nominees, and **FOR** ratification of the appointment of Rosenberg Rich Baker Berman & Company as our independent public accountants for the fiscal year ending June 30, 2017.

How Do I Vote?

To vote by proxy, you should complete, sign and date the enclosed proxy card and return it promptly in the prepaid envelope provided with this proxy statement.

To vote in person, you may attend the meeting and cast your vote in person.

May I Revoke My Proxy?

You may revoke your proxy at any time before it is voted in either of the following ways:

1. You may submit another proxy card with a later date.
2. You may notify Hydromer's Secretary in writing before your proxy is voted that you have revoked your proxy.

If I Plan to Attend the Meeting, Should I Still Vote by Proxy?

Whether you plan to attend the meeting or not, we urge you to vote by proxy. Returning the proxy card will not affect your right to attend the meeting, and your proxy will not be used if you are personally present at the meeting and inform the Secretary in writing prior to the voting that you wish to vote your shares in person. The Secretary will have proxy revocation forms at the meeting in case you want to revoke your proxy and vote in person.

How Will My Proxy Be Voted?

If you properly fill in your proxy card and send it to us, your proxy holder (one of the individuals named on your proxy card) will vote your shares as you have directed. **If you hold shares in "street name" we urge you to instruct your broker how to vote your shares, as shares held in "street name" cannot be voted directly by a shareholder.** If you sign the proxy card but do not make specific choices, the proxy holder will vote your shares as recommended by the Board of Directors as follows:

- "FOR" the election of all nominees for Director.
- "FOR" ratification of the selection of independent public accountants for the fiscal year ending June 30, 2017.

What Vote Is Required to Approve Proposals?

Directors are elected by a plurality of the shares voting at the meeting. If you do vote "Abstain" for a particular nominee, your vote will not count either "for" or "against" the nominee. A "broker non-vote" will also have no effect on the outcome. The ratification of the appointment of independent public accountants requires a majority of the votes cast.

How Will Voting on Any Other Business Be Conducted?

Although we do not know of any business to be considered at the meeting other than the proposals described in this proxy statement, if any other business is presented at the meeting, your returned proxy gives authority to proxy holders to vote on these matters in their discretion.

Are copies of this Proxy Statement and the Annual Report available on the Internet?

Yes, at www.hydromer.com. However, you must vote directly by paper ballot (or by instructing your broker how to vote if your shares are held in "street name").

PROXY STATEMENT

This Proxy Statement, which will be mailed commencing on or about October 14, 2016 to the persons entitled to receive the accompanying Notice of Annual Meeting of Shareholders, is provided in connection with the solicitation of proxies on behalf of the Board of Directors of Hydromer, Inc. (the "Company"), for use at the Annual Meeting of Shareholders to be held at the Company's executive office at 35 Industrial Parkway, Branchburg, New Jersey 08876-3424 at 10 a.m. on November 30, 2016 and at any adjournment thereof, for the purposes set forth in the Notice of Annual Meeting and this Proxy Statement.

At the close of business on September 16, 2016, the record date stated in the accompanying Notice of Annual Meeting, the Company had 4,772,318 outstanding shares of Common Stock ("Common Stock"), each of which is entitled to one vote with respect to each matter to come before the meeting. The Company has no class or series of stock outstanding other than the Common Stock.

As of September 16, 2016, Manfred F. Dyck, Chairman of the Board, a Director, CEO and President of the Company, beneficially owned approximately 33.9% of the outstanding Common Stock of the Company. Mr. Dieter Heinemann, a Director of the Company, owned 17.1% of the outstanding Common Stock of the Company. Such ownership, totaling 51.0% of the outstanding Common Stock, enables these two shareholders to control the outcome of any election or proposal regarding the Company's affairs.

I. ELECTION OF DIRECTORS (Proposal I)

Seven directors will be elected at the Annual Meeting of Shareholders, each to serve for one year and until a successor shall have been duly chosen and qualified. Each director is elected by a plurality of votes cast. It is the intention of each of the persons named in the accompanying form of proxy to vote the shares represented thereby in favor of the seven nominees listed in the following table, unless otherwise instructed in the proxy. In case any of the nominees is unable or declines to serve, the proxy holders reserve the right to vote the shares represented by such proxy for another person duly nominated by the Board of Directors in his or her stead or, if no other person is so nominated, to vote such shares only for the remaining nominees. The Board of Directors has no reason to believe that any person named will be unable or will decline to serve. Certain information concerning the nominees for election as directors is set forth below. They furnished such information to the Company. The Company believes that all of the nominees for election as directors are independent, as defined by the listing standards of the NASDAQ Stock Market, except Manfred F. Dyck.

Nominating Committee

The Company does not have a Nominating Committee nor does it have a policy with respect to consideration of candidates recommended by shareholders. The Company's Board of Directors believes that its current practice of networking to seek out potential candidates results in Board of Director candidates who have the scientific or business background that can adequately represent the interests of the shareholders. All Directors participate in the consideration of director nominees. All Directors have been re-nominated to stand for election. All candidates have accepted the nomination.

Board Governance

The Bylaws of the Company provide that the Chairman of the Board is also the Chief Executive Officer of the Company. That provision of the Bylaws has been in effect since the inception of the Company in 1980. The Company is of the opinion that a change to this provision of the Bylaws would not have any positive effect on the Company and would increase costs to the Company with no benefit. The Company does not have a lead independent director, as the majority of the Board members are independent directors.

Compensation Discussion, Analysis and Risk

The Company does not have a Compensation Committee. Since a majority (six of seven) of the Board is comprised of independent directors, the Company is of the opinion that the full Board can perform this function. The salary of the President and CEO is reviewed each year by the full Board and the CEO approves the salary of each officer (see Compensation of Executive Officers). The Company maintains a 401(k) Retirement Plan, which is open to all full-time employees. No stock of the Company is maintained in this plan. The Company is of the opinion that the salaries and other compensation of its employees accurately reflect the market requirement to attract and retain talented individuals and such compensation is not related to any risk or risk profiles that the Company may experience.

Meetings and Directors' Compensation

During the past fiscal year, the Board of Directors of the Company met four times. The Company does not have a policy with respect to attendance of Directors at the Annual Meeting. While the Company expects all Directors to attend the Annual Meeting, the Company recognizes that occasionally factors beyond a Director's control can impact his or her ability to attend. Except for Mr. Pacetti, who was appointed to the Board on February 17, 2016, all Directors attended last year's Annual Meeting.

The compensation for attendance at regular or special meetings either in person or on a video link is \$1,000 per meeting. Attendance via telephone is \$200 per meeting. The compensation for operational meetings is \$500 per meeting.

Directors are awarded stock options pursuant to the Stock Option Plan approved on January 22, 1998, as amended (see Stock Options). Directors who waive their stock options are given \$300 for every 2,000 stock options waived. This avoids the Company having to take an expense for the options at market value under current accounting rules. For the fiscal year ended June 30, 2016, all Directors waived the awarding of their stock options.

The following table sets forth information with respect to fees paid to Directors during the fiscal year ended June 30, 2016:

Director	Meeting Fees	Cash Paid in lieu of Stock Options	Total
Robert H. Bea	\$ 4,000	\$ 1,200	\$ 5,200
Arthur K. Degen	4,000	1,200	5,200
Dieter Heinemann	4,000	1,200	5,200
James S. Pacetti	2,000	-	2,000
Michael F. Ryan, Ph.D.	4,000	900	4,900
George A. Ziets	4,000	1,200	5,200

Directors fees paid to Manfred F. Dyck are shown in the Executive Compensation Table.

Audit Committee

On December 1, 2010, the Board appointed an Audit Committee, presently consisting of only independent directors: Robert Bea (Chairman), Arthur K. Degen and George A. Ziets. None of these members are "financial experts" as the Company is of the opinion that the financial affairs of the Company are not complex and are within the scope of the collective experience of the members of the Audit Committee. In the event any financially complex issues arise, the Audit Committee is empowered by its charter to retain or hire such independent expertise as it deems necessary. The Audit Committee charter is posted on the Company's web site at http://www.hydromer.com/audit_charter.html. The Audit Committee met once to review the financial statements and related matters for the fiscal year ended June 30, 2016. It issued the following report:

Audit Committee Report

The following is the audit committee's report submitted to the Board of Directors for the fiscal year ended June 30, 2016.

The Audit Committee of the Board of Directors has:

- a. Reviewed the Audit Committee charter and determined that the current text is not in need of amendment.
- b. Reviewed the Company's Policy on Business Practices and found it to accurately reflect the policies of the Board of Directors.
- c. Reviewed the Code of Ethics for the CEO and CFO and found it to be acceptable and not in need of revision.
- d. Reviewed and discussed the report on the assessment of the effectiveness of the financial control system submitted by management.
- e. Reviewed and discussed the Company's audited financial statements for the year ended June 30, 2016 with the Company's management.
- f. Discussed with Rosenberg Rich Baker Berman & Company ("RRBB"), the Company's independent accountants, the matters required to be discussed under Auditing Standard No. 16, Communications With Audit Committees.
- g. Reviewed the written disclosures and the letter from RRBB required by Ethics and Independence Rule 3526, and discussed with RRBB its independence.

Based on the foregoing review and discussion, the Audit Committee recommends to the Board of Directors that the audited financial statements be included in the Company's Annual Report for the fiscal year ended June 30, 2016.

THE AUDIT COMMITTEE
Robert H. Bea, Arthur K. Degen and George A. Ziets

Conflict of Interest; 3. Anti-Trust Compliance; 4. Inside Information and Trading in Company's Securities; 5. Prohibition on Political Contributions; 6. Equal Opportunity Employment; 7. Environmental Health; and 8. Legal Compliance. The current policies are posted on the Company's web site at <http://www.hydromer.com/HYDLEGPO.R04.pdf>. The Company conducts training sessions for all management and supervisory personnel on topics related to these business practices. New management or supervisory employees attend a course on corporate ethics.

Code of Ethics for the CEO and CFO

On May 12, 2004, the Company adopted a Code of Ethics for the CEO and CFO. This Code is posted on the Company's web site at <http://www.hydromer.com/codeofethics.html>. The Code includes the procedure to be used to report a violation of this Code. No reports were received during the fiscal year ended June 30, 2016.

Shareholder Communications

The Company has a practice of bringing all reasonable communications from shareholders to the attention of the Directors at regular Board meetings, which are usually held four times per year. The volume of such communications has been minimal. Address all communications via mail to: Corporate Secretary, Hydromer, Inc., 35 Industrial Parkway, Branchburg, NJ 08876.

The Company does not have any compensation plans that are or could be considered "golden parachutes".

The aggregate value of Common Stock of the Company held by Manfred F. Dyck individually and in trust, as of June 30, 2016 was approximately \$841,556 (based on a market price of \$0.52 per share).

Stock Options

On January 22, 1998, the Board of Directors approved an option plan for directors of the Company who attend all the Board meetings that provided for the grant of 5,000 options at a strike price equal to the market price of the stock on September 1, 1998 and for each subsequent year on the record date for the Annual Meeting. On February 22, 2000, the option plan was amended to grant each director 2,000 options for each meeting attended with a strike price at market rate, defined as the prior five-day-weighted high/low average, set just prior to the Annual Meeting date. The options are dated on the date of grant. Beginning in 2007, the Directors can receive \$300 for each 2,000 options waived in lieu of being awarded stock options. All Directors have waived the options; therefore, no options have been issued in the fiscal year ended June 30, 2016 pursuant to this plan.

On November 14, 2007, the shareholders approved Employee Stock Option Plan 2007-1, pursuant to which employees may be awarded options at the weighted average market price for the five days preceding the grant, upon the recommendation of the CEO and approval of all independent Directors. The options would have a term of five years and 1/3 of the options would vest at the end of each of the succeeding three years after the date of the grant. No options were awarded under this plan in the fiscal year ended June 30, 2016.

There are currently no options outstanding under the Company's option plans.

Representatives of RRBB are expected to be present at the Annual Meeting. They will have an opportunity to make a statement and will also be available to respond to appropriate questions from shareholders.

III. OTHER MATTERS

The Board of Directors of the Company does not know of any other matters that may be brought before the Annual Meeting. However, if any such other matters are properly presented for action, it is the intention of the persons named in the accompanying form of proxy to vote the shares represented thereby in accordance with their judgment on such matters.

IV. MISCELLANEOUS

If the accompanying form of proxy is executed and returned, the shares represented thereby will be voted in accordance with the terms of the proxy, unless the proxy is revoked by written notice addressed to and received by the Secretary prior to the Annual Meeting. If no directions are indicated in such proxy, the shares represented thereby will be voted in the election of Directors in favor of the nominees proposed by the Board of Directors and in favor of ratification of the independent public accountants; **therefore, it is important to provide your broker with voting instructions.**

The casting of a ballot at the Annual Meeting by a shareholder who may previously have given a proxy will not have the effect of revoking the proxy unless the shareholder so notifies the Secretary of the meeting in writing at any time prior to the voting of the shares represented by the proxy. A form for revoking your proxy will be available at the meeting. Votes that are withheld and broker non-votes will be treated as shares that are present for purposes of determining a quorum. Withheld votes will be excluded in determining whether a nominee for Director has received a plurality of the votes cast. All costs relating to the solicitation of proxies will be borne by the Company. It is important that proxies be returned promptly. Shareholders who do not expect to attend the Annual Meeting in person are urged to mark their vote, sign and date the accompanying form of proxy, and mail it in the enclosed return envelope, which requires no postage if mailed in the United States, so that their vote can be recorded.

V. SHAREHOLDER NOMINATIONS/PROPOSALS

The Company must receive shareholder proposals submitted that are intended to be presented at the 2017 Annual Meeting of Shareholders of the Company by July 10, 2017 in order for the proposal to be considered for inclusion in the Company's Proxy Statement relating to such meeting. The Company must receive any shareholder proposal that is not submitted by the shareholder for inclusion in next year's Proxy Statement, but that the shareholder instead intends to present directly at the 2017 Annual Meeting, by August 14, 2017.
